Madison Ivy cums hard—a deep, quivering, pit-of-the-pussy type of orgasm. Mick Blue cums equally hard, his ass muscles clenching, his balls throbbing. Mick shootsropy strings of cum from his dick, the flying jizz hanging in the air for a magical moment, before splashing down all over Madison's body, speckling her face and her heaving breasts. Madison licks the salty seed from her fingers as she jacks the last drops from Mick's pulsating dick. A couple that cums hard together, stays together. Which is good news for Mick and Madison—this is their first date!

Stimulation Simulation:

Virtual Sex Is Still No Reality

Story by PETER THOMPSON

THERE IS A SPECTRE HAUNTING CHATSWORTH—THE DYSTOPIAN INDUSTRIAL HIVE OF ANONYMOUS WAREHOUSES AND DE FACTO BEATING HEART OF BIG BEAT-OFF, THE THROBBING SOUL-PENIS OF AMERICA'S \$12-BILLION A YEAR PORN INDUSTRY. CHATSWORTH MAY SEEM LIKE JUST ANOTHER MANGLED CLUSTERFUCK OF CHAIN STORES AND STOPLIGHTS, THE TRADITIONAL SOCAL CELEBRATION OF PISS-POOR URBAN PLANNING AND SMOG EMBLEMATIC OF LOS ANGELES, BUT IT'S THE PRODUCTION AND TALENT HEADQUARTERS FOR SOME OF THE BIGGEST SWINGING DICKS IN CORPORATE SMUT. THE SPECTRE THREATENING TO TURN THE ENTIRE BUSINESS OVER FAKE TITS IS VIRTUAL REALITY, THE SAME TECH THAT'S BEEN BUZZING THE CITY IN A DECADES-LONG HOLDING PATTERN. YEAR AFTER DISAPPOINTING YEAR, LOYAL MOOKS HAVE WAITED PATIENTLY FOR VR'S ARRIVAL, AND YEAR AFTER YEAR IT'S TURNED INTO THE GREAT PUMPKIN.

VIRTUAL REALITY IS AN EXTRAORDINARY TECHNOLOGY, AN ALTERNATE UNIVERSE BUILT WITH ONES AND ZEROS OFFERING HUMANITY A WINDOW INTO THE INFINITY. VR LOOKS INTO THE FACE OF THE FUTURE WHILE THE FUTURE LOOKS BACK, NEITHER SIDE BLINKING.

The Year Of The Snake

Will 2017 finally be the year Virtual Reality lives up to the hype or will this year be just another technological cock-tease?

It's probably not the answer anybody wants to hear, but: No. Virtual reality still has a ways to go before it's fully ready. Sure, as a technology, it's ready. But as a masturbation aid that will swoop down and magically change the hand shandy habits of the everyman the way the Internet and the VCR did before it—that will likely take another 10 years of development and code crunching—at least.

And it will take a few years for the prices to come down. Right now, VR is

still cost prohibitive. A pair of decent VR goggles sells anywhere from PlayStation's VR \$399 to Microsoft's pricey HoloLens at \$3,000. Google Cardboard is only \$20 and allows you to pop your smartphone into a cardboard box you strap to your face and watch porn, but something about the combination of cum and cardboard suggests not a long shelf life to us.

Facebook spent \$2-billion to acquire Oculus Rift, which sells for \$599. The Rift is in many ways the leader in VR tech. It plugs into your computer's USB ports and features high refresh rates

(the higher the refresh rate the less likely you are to get dizzy and vomit before you manage to unload your jizz). SamsungGear VR works with your Galaxy Note 7 and costs a more reasonable \$99.

Stereoscope

HTC's Vive comes with sensors you can mount in your home so you don't virtually, or literally, fall down the stairs, and retails for a cool \$799.

To function without the seams showing, the home wanker needs a powerful enough computer, more powerful than many of the most popular selling machines. On top of that, users need to pay a monthly subscription to be able to download VR vids. That's right—you've got to download the entire files, before you can beat-off, and from frankly very limited libraries of films. Streaming hasn't come to VR... yet.

Additionally, there are still no industry standards, no best practices for the best way to film VR movies. The entire technology is still hovering somewhere near the Beta phase. Some sections of VR are bound to shrivel up like defective dicks. As it stands now, VR is a bit like a masturbatory aid made of Silly Putty. Yeah, it's kind of neat, but it's really not necessary. Nor is it exactly convenient. There are too many cords to plug in or batteries to charge. For our purposes, the technology is still one huge pain in the ass. A man is better suited streaming a video on a free tube site or going old school and cracking open a classic, filthy fuck magazine. Still, if necessity is the mother of invention, then gratuity is the slutty, sexy MILF of discovery. VR porn is coming—but eventually.

Cumming Into Money

Everyone in the know agrees that Virtual Reality is the future of porn. Well, mostly everyone. The Silicon Valley of Smut's panties are soaked with investment bucks. XXX companies are doing their best to swallow every sloppy load of cash thrown in their direction by deep-pocketed investors. Convinced that VR porn is a gold mine, companies are trying their best to

their time.

Like any orgasm-faking slut, Virtual Reality porn has been advertising itself as "Coming Soon" for ages, but the truth is that nobody really knows for sure when it will actually arrive. It's been preparing to pounce into our masturbatory lives since the early-1990s, when VR first came on the mainstream scene and started making promises it couldn't or wouldn't keep.

Virtual Reality became a household word and the next big thing after movies like *Lawnmower Man*, *Matrix*, and, of course, Aerosmith's music video for "Amazing," which featured a Joe Handjob character

evolution. In just 50 years its strangled punch cards, vacuum tubes, and magnetic tapes in the baby's crib. We've moved from horsepower to atom power and gone from moving pictures to home VCRs to live streaming Internet broadcasts from anywhere in the world—only the limits are unlimited.

Porn has always been an important source of so-called early adopters, trailblazers who were always ready to

enjoying a sexy VR experience with a bratty Alicia Silverstone, but with a twist. **SPOILER ALERT:** The end of the video shows it's actually HER who's having the sexy Virtual Reality fantasy, hippling an entire generation of horny GenXers to the *Clueless* baby fat blonde and the latest tech, which only goes to prove that with the possible exception of the video for

embrace and exploit new technologies to enhance their own sexual pleasure. Without the kinetic drive of perverts pushing once-exotic technologies into the mainstream, bringing down costs, and working out the bugs, the Polaroid camera may have lapsed into obscurity, the camcorder might have remained too pricey, and the Internet might only have been a shell of its current self. The adult industry has been a stalwart when it comes to exploiting the latest gadgets while giving

"When virtual reality gets cheaper than dating, society is doomed."

—Scott Adams

quickly ready their VR products for the long-promised Second Coming. But, like most promises of somebody coming twice, the proof is in the filthy pudding.

Like truck stop tramps sucking methadone money from the laps of feckless cum shedders, some VR start-ups have already grown fat before

"Ragdoll," a man should never make life plans based on Aerosmith power ballads.

Future's So Bright, Ya Gotta Wear Goggles

The high-tech global economy has become the driving force of human

the "next new thing" time enough to find its mainstream mate.

If that trend continues, there's every reason to believe that Virtual Reality will be The Next Big Thing. Right now, it's a technology in search of profitable content, not counting XXX, where the

content comes built-in. As I write, rivers of capital are streaming into dozens of plucky VR porn start-ups, all racing to build content and specialized

hardware to increase their haptic and immersive experience for their customers. Facebook, a huge multibillion-dollar corporation and the overlord of social media—which itself is hardly a cutting-edge technology—has invested billions buying the Oculus company for \$2 billion. Porn companies of every stripe and kink, from manufacturers of interactive dildos (a technology known as “teledildonics”), to companies that make fuckable torsos—lifeless life-sized asses and pussies, to the makers of \$5,000 silicone sex dolls, are all scrambling to form strategic partnerships with one another and discover profitable ways to link their products together in order to make the VR sex experience even more amazing. And for the record, very few people who’ve tried VR porn have not been amazed after they took off their VR goggles and cleaned up. It IS an amazing experience. So, what’s it like?

VR

In five or 10 years everyone could conceivably be strapping on a pair of VR goggles and wanking like it’s the most natural thing in the world, but I could be wrong. There’s a chance that 2017 is, in fact, the year that VR porn goes huge and I have to eat my words. It’s just not bloody likely. Here’s my honest opinion of VR porn after just a couple of experiences?

I was attending a Convention in Las Vegas when I first experimented with an early VR headset in 2016. Of course the owners weren’t allowing anyone to pull their pants down and have a go, so

that experience would have to come a little later.

The brains behind the start-up company was excited.

“Now you can have four screens open at one time all floating in your workspace,” he beamed.

“I don’t want four screens open at the same time and I don’t want my workspace to float,” I countered.

He was young, in his twenties. He wore the *de rigueur* uniform of the socially awkward, newly minted millionaire of the genius tech class: black hoody, jeans, and Flip Flops.

“You can watch your favorite movie on a screen the same size as the screen in a movie theater,” he enthused.

I told

him that I didn’t mind watching movies on my regular-sized TV. In order to submerge myself in the big screen movie world I’d have to do it at the cost of watching the movie alone, the same way shut-ins and masturbating lunatics watch all their movies.

all kinds of crazy cool stuff in 3D all around you.”

The painting thing was fun—for about 10 minutes. So was the journey to the top of Mount Everest, the lap around a speedway in a stock car doing 160 mph, seeing a polar bear so up close and personal you could almost smell him.

For some reason, I was pissed that I couldn’t smell the polar bear.

“That’s called ‘haptic feedback,’” explained the nerd. “There are actual units available and being developed right now that get you into that experience. They’re like wetsuits with all kinds of sensors that provide full-body stimulation, but that part of VR is still a ways off.”

I was already tired of polar bears.

“Do you have a movie where I can fuck a two-headed girl on the 50-yard line in the middle of the Super Bowl,” I said.

In the 1998 movie

The Big Lebowski, porn mogul Jackie Treehorn (the brains behind *Logjammin'*, featuring Karl Hungus) was an early convert to VR, already talking about the future of virtual porn movies with The Dude (Jeff Bridges), who had stopped by his opulent party mansion in Malibu to tell him where he could find his missing money. The Dude did not seem to “abide” with the idea of VR porn. He told Jackie, “Yeah. Well, I still jerk off manually.”

I Can See For Miles

So let's see the world through the rose-colored...goggles... let's see what the guys already on board with VR-wanking are seeing and let's get excited about the big change coming.

I sought out a friend to "borrow" his VR gear. Jimmy's the kind of guy whose computers are worth as much as his house. He's always been like that. He was the first one to ever show me a pair of tits on the computer—albeit on one of those incredibly tiny screens from the early-90s. To be honest, the tits were hardly very faithful renderings. And, if I remember correctly, they could've been a detail of ornaments hanging from a sagging Christmas tree. The whole experience made me a bit sad. But I had been skeptical about online porn during the dial-up era. I remember listening to the phone line play it's game of fax machine tag with the computer. I frowned. "Nobody's going to wait five minutes while the phone..." And then almost instantly I was

appeared to my upper left, but I couldn't figure out how to grab it, or even if I was supposed to pull it down. After peppering me with five minutes worth of stupid

Samsung Gear VR

I quickly shot my load and had to regroup.

Normally, this would be the time I'd already

be thinking about the rest of my day. What shit I absolutely needed to get done. But, this time, I wanted more.

This time I focused on the detail and utter reality of the woman's pink, wet pussy. I could hear the penis sliding in

Will 2017 finally be the year Virtual Reality lives up to the hype or will this year be just another technological cock-tease?

a convert. And those were the days when there were just GIFs and JPEGs online.

Locking myself in my friend's small dark bathroom, I strapped on his VR goggles and pressed play on a pre-downloaded film. Suddenly a woman appeared on a bed in front of me. She was talking to me. It was like she was right there in front of me. So close I felt like I could kiss her, or steal her purse.

I turned my head and noticed I could see what was on the table directly to the side of her: a phonebook and shopping list. Groceries. The woman was still talking. She was asking me questions. It didn't matter that I wasn't answering. The room was something more than 3D. I could see how people could become disoriented and sick with the technology in its infant form. I wanted to fast-forward, but I wasn't sure how. A menu

her little pink logo top. She was being very coy about it. Like she was shy. Girls with that many tattoos aren't that shy, I thought. Her tits were real and small, but the nipples seemed to pop out in a way I'd only experienced in real life. I could actually see their puffiness. I wanted to touch them. This was frustrating, but then again, my pants were already around my ankles; so was a computer cord. I was worried it was going to come unattached exactly when I needed it. Then, amazingly, there was another voice. Suddenly, I looked down and my cock was different. I had a six-pack stomach and my skin tone was a bit darker than I had been previously. My cock bent a little bit to the left. Strange. Soon, I didn't care. I watched my cock, or its cock, slide into her tight snatch and everything was all right.

and out of her glorious pink folds and felt as though I were the one violating her. I made my friend load another video. I devoted the better part of an hour watching two heavily tattooed girls double team me and other dude. /T felt real all right.

Virtual Reality is definitely trading on the proper name. It all seemed so virtually real.

We are on the precipice of promise. VR porn is telling us that we will enjoy the kind of earthly delights that we couldn't before. Close your eyes, lie back, and enjoy the future as it comes and sits directly on your turgid cock, just like a well-trained whore. Horny human beings are the universe's most creative force, holding proudly his pud in one hand and the future of civilization in the other.

MIA MALKOVA

LICK & STICK

Mia Malkova has been studying so hard for her realtor's exam, she feels like her head is about to explode. On top of that, she's so horny, she's soaked through three pairs of panties already. So she calls up her gal-pal Nikki to help her cram—both for the exam and by fingering and tonguing her swampy crotch. "You're gonna make me cum, Nikki! Aarrgh!" Mia screams as she floods Nikki's face with girl juice. "You eat me so good!" Nikki doesn't say much, still savoring the flavor of Mia's sauce on her tongue. Instead and pulls back her long, blonde hair and mounts Mia's face, grinding her dripping slice all over her friend's face. That's what friend's are for, Mia! Good luck on your exam!

When we asked porn fans to describe Jessie Andrews in one word, they answered: "wholesome, innocent, cute, bubbly, babysitter, sexy, smart, fresh-faced, girl-next-door." Those last two are two- and three-word answers, respectively, but you get the idea. Math and porn just don't mix. But even more surprising is how Jessie Andrews herself answered the question. "I'm perverted. Depraved. Kinky. Naughty. Raunchy. Raw," Jessie says, stretching her long, lean body out by the pool. "I see myself as curious and adventurous. And horny. I'm always so damn horny!" We feel your pain, Jessie...can we feel your ass cheeks next?

Alice March

Brunette darling Alice March—adorable in a frilly tutu, pink bikini and fishnet stockings—flaunts her puffy nipples and tender holes, then stretches

her sphincter with a dildo to open up for nasty butt fucking. She slobbers profusely when Mark dunks his monster cock deep into her mouth and smiles proudly when the older man reams her

sweet asshole. Mark smacks her body while plowing her tight sphincter, and the gorgeous brat spouts foul-mouthed remarks and sucks cock ass-to-mouth. Mark rewards her with a creamy facial.

MACI MAY

Voluptuous, fair-skinned Maci May poses, her perky tits, chunky ass, and long legs spilling out of her net dress. Mark slathers oil over her plump booty, fondles her holes, and then fucks her face with his giant shaft. Maci points her juicy butt skyward, granting Mark an appropriate target for ferocious ass pounding. She flaunts her massively gaping anus and slobbers over his thick prick while sucking ass-to-mouth. Maci rims Mark's bunghole and takes an anal ride. He splatters her face with spunkly goop.

LYRA LAW

Athletic blonde Lyra Law sports a colorful, smutty outfit for a sweltering, poolside tease. She twerks her perfect ass, flaunts her fury bush and strips out of her

bikini to display her glorious, sun-kissed body. Sweet Lyra warms up with a sphincter-stretching dildo before greeting Mark with a sloppy, cock-slurping blow job. She buzzes her pussy with a vibrator while

Mark reams her rectum, generating immense, gushing orgasms! After Mark fully fucks all of her holes and Lyra sucks his tasty cock ass-to-mouth, he decorates her gorgeous face in jism.

HIGH SOCIETY'S

BAD GIRL CONFESSIONS

STARRING

JESSICA RYAN

ORN VALLEY, CA—JESSICA RYAN'S MOTTO IS, "I'M NOT A GOOD GIRL ... I'M A SMART GIRL." FOR THE LAST FOUR YEARS, JESSICA HAS SUCKED AND FUCKED HER WAY THROUGH THE BUSINESS, AND SHE RECENTLY HAD HER ASS BORED OUT BY MIKE ADRIANO DURING A BUTT-SEX EPIC, WITH MORE ANAL SEX SHENANIGANS COMING IN THE NEAR FUTURE. UNTIL THEN, BE HAPPY TO WATCH JESSICA TAKE COCK IN HER OTHER HOLES. WE HEAR THEY'RE JUST AS AMAZING.

HIGH SOCIETY: Tell us about your new film for Evil Angel, Craving Anal 2?

JESSICA RYAN: It was my first anal scene. I was just at Evil Angel today picking up DVDs.

HS: Were you nervous doing your first anal scene?

JR: Oh, hell yeah, I was nervous! I waited a while because I wasn't doing that much anal in my personal life. It's intimidating taking that much dick up your ass for hours on end. But I finally bit the bullet and did it. I wanted to move beyond vaginal sex.

HS: Did you enjoy working with Mike Adriano?

JR: Mike Adriano is like the

"Butt Whisperer." He really knows how to do anal. I wanted him to take my anal cherry. He's got beautiful eyes and that sexy Italian accent. He's hot and he loves ass!

HS: Any plans for more anal scenes?

JR: Yes. I just took a month off to celebrate my 30th birthday, and now I'm lining up more shoots. I'm hoping to get a lot of anal work. I like it a lot. I think I'm an anal slut.

HS: Do you think you'll become an Anal Queen?

JR: I don't know. Adriana Chechik gave me a lot of good advice. She's an anal monster. Reilly Reid. Those are anal queens. I'm just an anal slut for now.

HS: Do you have any plans for DPs or anal gangbangs?

JR: I want to master regular anal first. Airtight is my ultimate goal. It makes me wet just thinking about it.

HS: Have you ever used sex to get out of trouble?

JR: I really haven't. I have a fantasy of getting out of a speeding ticket with a sexy cop, but it's never happened.

HS: Have you ever gotten a speeding ticket?

JR: Only once when I was 18. I don't drive like an asshole.

HS: Have you ever had sex in your parents' house while they were there?

JR: No. It was pretty close quarters, so my boyfriend and I would always fuck in the car, or an alleyway or something.

HS: Have you ever been caught having sex?

JR: No.

HS: Have you had a one-night stand?

JR: Yes. Many. I don't have them often, but when the mood strikes me.

HS: Do you have any tattoos? How many?

JR: Just one. I'm thinking of having it removed. Or maybe it's just a reminder of what I was like at 18.

HS: Ever been cheated on?

JR: Yes.

HS: Have you ever cheated on anyone?

JR: Yes. That was before I understood the concept of an open relationship. I don't handle monogamy well.

HS: Have you ever had sex with someone you couldn't remember having sex with?

JR: Oh, yeah ... so many drunken one-night stands.

HS: What kind of guys do you like?

JR: More laid back. I'm kind of high-strung, so I need a balance. I fuck more than I date.

HS: Do you have any sexual regrets?

JR: I regret not getting into porn earlier. My twenties would have been so much better and more open.

HS: Anything you'd like to say in closing to our readers?

JR: Thank you! I have gained so much from being in porn for the last four years. I couldn't have done it without the fans and their feedback. I'm so glad people enjoy what I do, because I love it!

Jada Stevens is very angry. Michelle Honeywell, Jada's personal sex servant, snuck out of the dungeon last night and fucked some random dude in the bathroom of a rave club. Naughty, naughty, Michelle! You know you're not supposed to cum unless Jada gives you permission. And with a guy, no less! Yuck! Now you must be punished for your insurrection. Jada is going to wash the taste of cock out of your mouth by grinding her wet snatch against your face, and fucking you senseless with a giant purple dildo. Lick it clean, like a good girl, Michelle. Jada is doing this for your own good!

A close-up photograph of two blonde women. One woman is in the foreground, bent over and licking the other woman's vulva. The second woman is in the background, leaning forward with her mouth open. Both women have blonde hair and are unclothed. There are small tattoos on the woman in the background's upper arm and shoulder.
